
Site Showcase: Please Read Before Posting

Posted by Panagiotis Gazepidis - 2007/09/06 12:46

Want to see some great examples of the kind of sites that can be built on bonusthemes templates? Post your website.

When starting a new thread the subject of the post should be Site Name - Template Used, e.g. Bonusthemes - Infogate and can you please start the thread detailing the following information:

Website URL (entered in the body of the post not the thread title please):

Additional Extensions (Components, Modules, Plug ins):

Custom Development:

Other Features:

Any specific areas of my site that I'd like feedback on, if any:

Additional Comments:
